ACCOUNTANT GENERAL

**AUDITOR GENERAL'S REPORT
TO
THE HONOURABLE MEMBERS OF THE LEGISLATIVE ASSEMBLY**

We have examined the Statement of Assets and Liabilities of the Government of Montserrat as at 31 March 2016 and the Annual Abstract of Revenue and Expenditure together with relevant subsidiary Statements, as required by Section 41(1) of the Public Finance (Management and Accountability) Act 2008 for the years then ended.

MANAGEMENT RESPONSIBILITY

The Accountant General is responsible under Sections 8 of the Public Finance (Management and Accountability) Act 2008 for the preparation and presentation of the Financial Statements and the information contained therein. The Accountant General is also responsible for ensuring that appropriate systems of accounts are established; there are appropriate systems of internal controls and that the accounts conform to internationally recognised standards.

AUDITOR'S RESPONSIBILITY

Our responsibility under Section 103 of the Montserrat Constitution Order and Section 42 of the PFMAA is to express an independent opinion on those statements based on our audit and to report our opinion to you.

Our audit was conducted in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance that the financial statements are free from material misstatement. An audit also includes examination, on a test basis, of evidence supporting the amounts and other disclosures in the accounts, and the evaluation of accounting policies. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

OPINION

In our opinion, the Annual Abstract of Assets and Liabilities and the Annual Abstract of Revenues and Expenditures presents fairly, in all material respects, the financial position and operations of the Consolidated Fund of Montserrat for the years ending 31 March 2016.

OTHER MATTERS

My Report dated 6 March 2017, accompanies the Annual Accounts. It contains observations and comments on breaches of controls or non-compliance with the legal authorities that I feel should be brought to the attention of those charged with governance and the Legislative Assembly.

A handwritten signature in blue ink, appearing to read 'F. Lee', is written over a light-colored rectangular background.

FOREWORD

Accountability and transparency in the collection and use of public funds is a benchmark for good governance in the Public Sector. The Public Accounts is a significant accountability document which presents the financial statements of the Government of Montserrat for the past fiscal year and reports on performance against the goals that were set out in the Annual Budget.

The Government of Montserrat (GoM) remains committed to act on opportunities to further strengthen transparency, financial management and reinforce fiscal accountability in support of delivering government's programs and services. Public Financial Management improvements include the adoption of International Public Sector Accounting Standards which have set a direction for public sector accounting and reporting as it serves to address the needs and contextual issues of a governmental entity. While the Public Finance Management and Accountability Act Chapter 17.07 (PFMAA) does not specifically prescribe this accounting standard in the preparation of the Public Accounts, it clearly directs on the compulsory statements that must be contained within in the Accounts.

Primary Financial Statements

The Primary Financial Statements include the Statement of Asset and Liabilities which shows the financial resources of the Government of Montserrat against its obligations and commitments.

The Cashflow Statement provides insight on the sources and uses of cash over the accounting period. GoM's operating activities are essentially the revenue and expenditure items outlined in the Annual Budget; any changes in its financial investments using cash, and likewise provide cash over the fiscal period. Increases in deposits are a source of cash while the payment of advances reduces the availability of cash.

The Statement of Cash Receipts and Payments is prepared in accordance with the requirements of IPSAS and therefore is not a requirement of the PFMAA. The Statement shows separately a sub-classification of total cash receipts and cash payments using a classification basis appropriate to the operations of the GOM. It separately identifies payments made by third parties on behalf of GoM Ministries or Departments.

The Consolidated Statement of Comparison of Budget and Actual Amounts is also a requirement of IPSAS. It provides a comparison between the original Capital and Recurrent budget to the actual fiscal outturn, and the budget variance. Comparable information with the previous accounting period is also provided in this Statement.

Statement of Responsibility

The Accountant General is responsible for maintaining systems of accounting and internal controls in order to provide reasonable assurance that the transactions recorded in the Financial Statements are within statutory authority, assets are sufficiently safeguarded, and that relevant and reliable financial data is available for the preparation of financial statements.

Authorization Date:

The authorization date for the 2015/16 Financial Statements is July 31st, 2016.

GOVERNMENT OF MONTSERRAT CONSOLIDATED REVENUE FUND

Notes to the Financial Statements Financial Year Ending March 31, 2016

The notes to the Financial Statements form an integral part to understanding the Statements and should be read in conjunction with the Statements. The accounting policies have been applied consistently throughout the period.

Note 1. Accounting Policies

Basis of preparation

The basis of preparation of the Financial Statements is largely governed by the provisions of the PFMAA. These statements are also compliant with the Cash Basis of IPSAS (Part1); the main area of departure is the non-consolidation of the Financial Statements of other entities controlled by the GoM, in particular Statutory Bodies. It should however be noted that the IPSAS regulatory body has published an Exposure Draft which advises that the consolidation of accounts with SOEs will no longer be a requirement IPSAS. This is yet to take effect.

The cash basis of accounting recognizes transactions and events only when cash (including cash equivalents) is received or paid by the Consolidated Fund while taking into consideration the Government's legal and regulatory framework in relation to public finances.

The approved budget was prepared on the same accounting basis (cash basis), same classification basis, and for the same fiscal period (from April 2015 to March 2016) as the Financial Statements.

The original budget was approved by the Legislative Assembly on March 29th 2015. The original Approved Budget for the fiscal year 2015-16 was \$171,660,100 (Recurrent \$128,238,300; Capital \$43,421,800). This budget was amended by subsequent supplementary budgets during the fiscal year in accordance with the relevant Supplementary Acts passed by the Legislative Assembly. A Contingency Warrant in the amount \$271,100 was raised to meet additional expenditure within the Ministry of Health. The Warrant was ratified by Supplementary Appropriation No 2/2015. An additional \$14,280,400 was approved for various Development Fund Votes. This resulted in an 8% increase in the overall budget.
